OTJ Jira for Outlook is now - Microsoft Outlook for Jira

Work on Jira issues straight from your email, no matter the device.

The app allows you to:

- **Create a new Jira issue directly from Outlook**
- **Add a comment or attachment to existing Jira issues**
- **View related issues on Outlook**
- **Import email subject and body automatically into your JIRA issue**
- **Log your work, create subtask, link and perform various actions on existing issues**
