v27

Exciting News! Our Latest Release is Here!

We're thrilled to introduce our latest enhancements designed to elevate your workflow!

- **Login Page Upgrade:**

  Experience a revamped login HTML page after successful login, providing an improved and seamless user experience.

- **Bug Fixes:**

  We've squashed some minor bugs to ensure a smoother and more reliable platform.

- **Share Your Thoughts:**

  Your feedback matters! Now you can easily share your thoughts with us. Look for the three dots to access the feedback option. Let us know your thoughts!

- **Explore Our Jira in Chrome Extension:**

  Discover the added convenience of accessing **our Jira in Chrome Extension**! Enjoy advanced features that enhance your overall experience right from your browser.

Thank you for being part of our community! We hope these updates enhance your experience. As always, feel free to reach out with any feedback or questions.

Happy exploring!
